D. S. WILSON,
AT FORT PITT NAT. BANK,
PITTSBURGH, PENNA.

Hon D M Fox.
at U S mint
Phila

Sir

Your kind response to my Enquiry relating to the coinage of 1864 Emboldens me to trespass for other information.

1st At what date was the invention of making the working Dies by means of a hub or punch introduced into the mint?

2nd The gold dollar was changed in Diameter and thickness in 1854. At what date was this change made; how many had therefore been coined in that calendar year; and, was the new Die for that year furnished to any of the branch mints?

Very respectfully
Your obt. Sot
